Dedication

Mrs. Margaret P. Bowling
Wakelon School Secretary

For her patience, understanding, and time unselfishly devoted to our school, the Wak-igh-an Annual Staff takes great pride in dedicating this yearbook to Mrs. Margaret Parker Bowling. It is our hope that she may know the love, respect, and appreciation we feel for her.

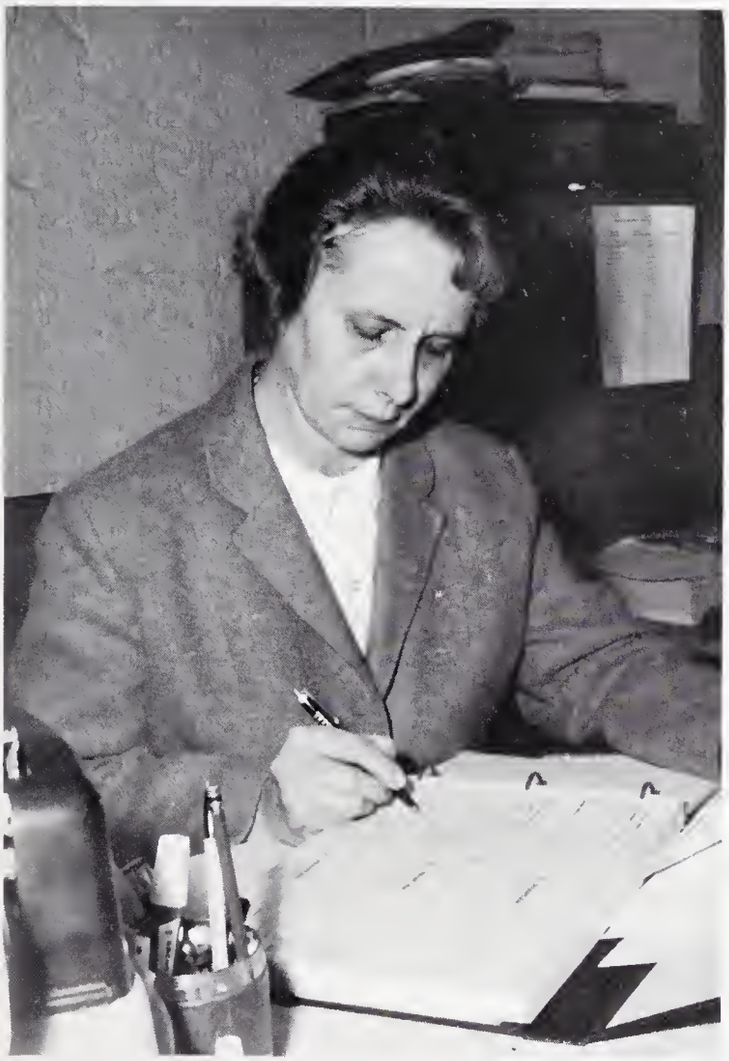
Academics

Administration

Mr. Johnny H. Alford, Principal

May I take this opportunity to share with you my feeling of interest and pride in Wakelon School. The future of this great school depends upon each of you. You are and will continue to be a representative of our school as long as you may live. It is our desire that you will not only take pride in your Alma Mater but that you will also be the type of citizen who will make us proud of you.

The staff and advisors of the Wak-igh-an are to be commended for this excellent record of our school life. The road from the idea of an annual to its completion is a long one. Many details must be looked after; many hours of effort must be expended. For sharing with us the memories evoked by the pages of this yearbook, we say a hearty "thank you."



Mrs. Margaret P. Bowling, Secretary

Mrs. Janet D. Durham, Guidance Counselor

Faculty

Miss Mary A. Darby
Physics, Physical Science, General Math, Civics

Council

The Student Council of Wakelon High School is the heart of all school activities. Student ideas can be formulated and achieved through the Council's united effort. School spirit is promoted by the Council and can readily be seen in the student bodys' co-operation and friendliness with students, teachers, and administration. The organization gives a student the opportunity to strive for self direction and discipline in his daily life. The most important function of the Council is to create, practice, and maintain standards of good citizenship for tomorrow's adults.

As citizens of our school and country our goal is service anytime, anywhere.

Membership in the Early Hampton Moser Chapter of the National Honor Society is based on four ideals: enthusiasm for scholarship, promotion of worthy leadership, development of character, and creation of a desire to render service. Founded in 1959, the chapter is named for Mr. E.H. Moser, beloved principal of Wakelon for nineteen years, 1911-1917 and 1929-1942. Membership is by invitation, and eligibility is based on a 3.2 quality point average which must be maintained throughout the remaining high school years.

Seated: Judy Scarborough, Cathy Clark, Deborah Baker, Susan Davis; Standing: Kathy Cunningham, Deborah Lockleair, Phil Tant, Carl Tart, Ray Massey, Wilson Eddins, Diann Wall.

Mrs. Emma Jean Pippin
Sponsor

Organized in 1953, the Oliver Larkin Stringfield Chapter of the Future Teachers of America is named in honor of Rev. Stringfield because of his role in establishing a good educational system in this area, the Wakefield Classical and Mathematical Academy, 1882.

F.T.A. members gain insight into the opportunities and responsibilities of the teaching profession through their services rendered as teacher assistants to the faculty. These services give future teachers an opportunity to explore their own interests and abilities in relation to the various fields of teaching.

Deborah Baker, Historian; Cathy Stallings, Secretary-Treasurer; Sandra Chamblee, President; Betsy Baker, Vice-President; Frances Massey, Reporter.

Cherrie Bowling, Vice-President; Cathy Stallings, Treasurer; Wake County Future Teachers Association.

1908-1968

That Wakelon has a heritage of which our school community is proud has always been an accepted fact. Accurate records of the school's early years have been scarce however, for many permanent records were destroyed when the new high school building, opened in 1926, was burned on November 14, 1928. (This building was soon rebuilt on the identical place and the Class of 1930 was the first to graduate in the present high school building). Shortly before the 1968 Wak-ig-an went to press the staff was able to borrow a copy of the catalogue published at the end of the first session, 1908-1909, thus establishing the fact that the 1967-1968 school year completes sixty years of Wakelon School. We take pride in sharing excerpts from this first catalogue with you.

When Rev. O.L. Stringfield opened the first school at Wakefield only one home was near it. The community recognized the natural environments and a village sprang up around the school. –In 1907, the Norfolk and Southern Railroad Company built its road from Raleigh to Washington, N.C., passing about one mile south of Wakefield. At the nearest point of the road to Wakefield the new town of Zebulon sprang into existence that spring. It soon had several stores and mills, a bank, church, a factory, school building, etc. One straight main street, connecting the towns, had been built by convicts. On both sides of this, lots were laid off and the two towns were fast becoming one.

To still further unify all interests, Wakefield and Zebulon school districts in Little River Township, Wake County, were consolidated, by an act of the extra session of the Legislature, into Wakelon Graded and High School District. A few citizens, mainly the Board of Trustees, had already given assurance of $8,000 to be used in erecting a school building. But to equalize matters, the whole citizenship voted on itself a Special Tax for the school. Next, $10,000 worth of bonds were issued and sold for $10,735.50. Then the county supplemented this amount by providing $1,300. A handsome brick building of eleven rooms, with steam heating facilities, was to have been ready for occupancy by September 1. 1909. The general spirit toward this new school movement was demonstrated unmistakably by one citizen, Dr. G.M. Bell, who gave the beautiful ten-acre site. Wakelon Public High School Building, halfway between Wakefield and Zebulon at a convenient distance from the main street for a flower garden and campus, is situated for a quiet study and easy access.

Concerning discipline the catalogue states: "We emphasize the truth, and the beauty, and the goodness in life and have as little as possible to say about error, misfortune, and depravity. We do not see how a positive good can come from pointing at negative evils. We strive to make children strong, honest, and self-reliant by cultivating the conscience–'Do right because it is right; it is the only noble thing to do,' is our rule. The sooner each pupil learns proper self-control, the less friction there is in school government. Our discipline is kind and patient, but firm. Insubordination and impudence are not tolerated, and moral lepers will be excluded from the school. Profanity and tobacco in any form must not be used on the school grounds."

In 1908-1909, Mr. R.C. Holton served as principal of this new school with the following faculty: Miss Mary L. Morrison, Mrs. Helen P. Whitley, Miss Minnie Lula Franklin, Miss Ella M. Brown, and Miss May Beck. The Board of Trustees included Dr. G.M. Bell, Chairman; M.B. Chamblee, Secretary; J.M. Whitley, D.D. Massey, W.S. Horton.

As shown in the above statements classes were of necessity held in existing buildings until the eleven room building (the front half of the present elementary building) on the new location could be completed. Minutes from the Wake County's School Board Meeting for February 1910 attest to the fact that the new school plant had been in use for several weeks, thus establishing the fact that the first building on the present site was completed and used during part of the 1909-1910 school term.

The Wak-igh-an staff wishes to express its appreciation to the many area firms who have made the production of this yearbook possible.
